DATE: January 17, 2018

RE: Calumet County Agent Status Approval for POWTS Plans

Calumet County has been delegated plan review authority under s. SPS Table 383.22-2 (1). Delegation is limited to POWTS that will completely utilize treatment and dispersal technologies or methods approved under s. SPS 384.10 (2) or (3) or recognized under s. SPS 383.60 (1). This delegation is limited to Non-pressurized In-Ground systems for public and commercial buildings, Mound, At-Grade, and In-Ground Pressure Distribution systems with a maximum design wastewater flow of 1,000 gallons per day. Plans which do not completely meet a DSPS approved component manual otherwise known as "Individual Site Designs" or utilize DSPS approved products must be submitted to DSPS for review.

The Calumet County Planning, Zoning and Land Information department will provide plan approval "turn around" within 5 business days of receiving two (2) complete plan sets and the corresponding plan review fee. This review timeline does not extend to plans in need of revision or if the department requests additional information that is required. Below is the plan review category and corresponding fee(s).

Calumet County POWTS Plan Review Fees

- Mound and At-grade – maximum design wastewater flow of 1,000 GPD \$250.00
- In-Ground Pressure - maximum design wastewater flow of 1,000 GPD \$250.00
- Non-Pressurized In-Ground systems (**public and commercial buildings**) maximum design wastewater flow of 1,000 GPD \$200.00
- Holding Tank (Public and Commercial) \$200.00
- Holding Tank (1 & 2 Family Dwellings) \$100.00

We will begin accepting Plans for the aforementioned systems on January 1, 2018. Please contact Brian Giebel or Ted Rohloff with any questions or concerns you may have.
