WILDFLOWER SEED MIXES

Due to the low volume of orders and a price increase on mixes, we no longer sell wildflower seed mixes. Please contact our office with any questions regarding where to purchase wildflower seed mixes.

Please read the following information:

- Tree seedlings are ordered from nurseries, which supply quality stock. Neither the nursery nor the Land Conservation Department can guarantee or warranty the survival rate of any plant due to variables outside our control.
- Orders may need to be cancelled by a situation beyond our control. If such a situation occurs, you will receive a refund.
- All orders are subject to availability.
- All individual tree and shrub varieties are sold in multiples of 25. Orders of less than 25 will not be accepted.
- No substitutions of species will be made without buyer's consent.
- You will be notified of the pickup date, times and exact location by mail. Plant distribution is tentatively scheduled for late April.
- All orders not picked up on the specified date will be disposed of as stock is perishable. No refunds will be given.
- Payment must accompany order.
- Make checks payable to: Outagamie County LCD.

"We make an immense mistake when we think of trees as solely an aesthetic member of a community. They cut pollution, they cool the air, they prevent erosion, they muffle sound, they produce oxygen. Then, after all that, they look good."

-- Dr. Richard Leakey

We are proud to partner with Pheasants Forever to provide you with food plot mixes.
